

# Rear Seat Delete Install Instructions

## Honda Civic Type R 2017+

---

### Kit Contents:

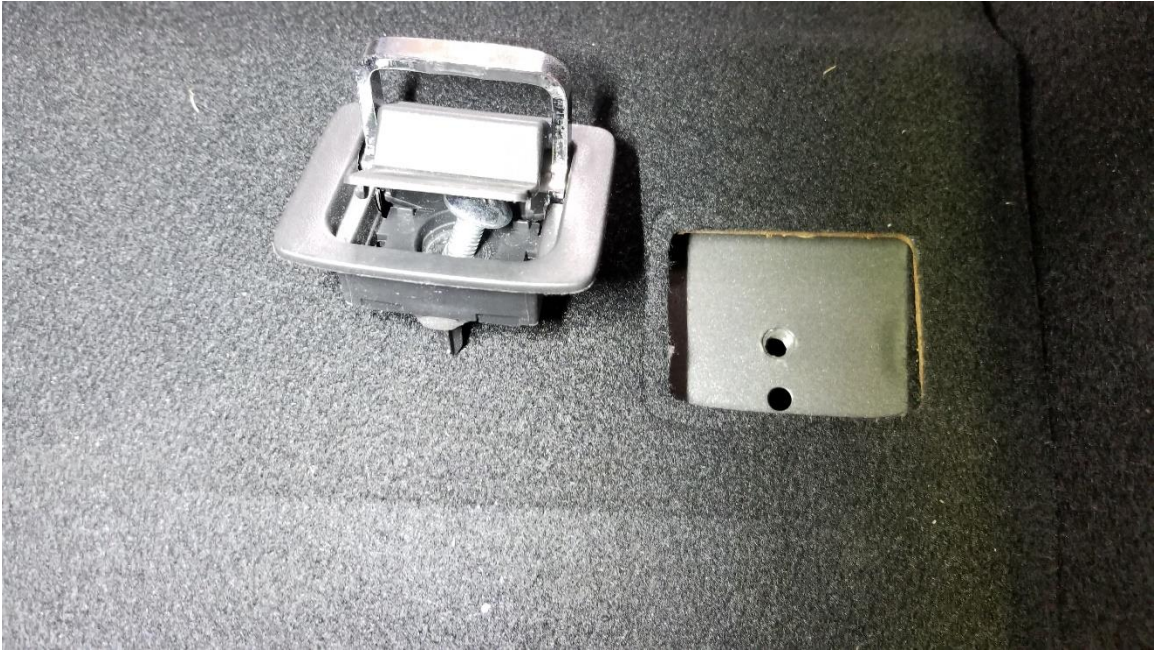

- M6 Button Cap ScREW x 6
- M6 Washer x 6
- Front Bracket x 1
- Rear Bracket x 1
- Seat Delete Panel x 1

### Install Instructions:

1. Remove the rear seats.
2. Clip the front mounting bracket into the OE Seat Cushion clips.

3. Remove the two cargo tie rings. These will be reused later.

4. Align the rear mounting bracket as pictured below and reinstall the OE cargo rings over the bracket.

5. Carefully align the rear seat delete panel over the mounting bracket and attach using the supplied M6 button head screws. Start with the forward screws in the center and work towards the back.
